

It is imperative that broadcast ownership restraints be not simply maintained, but increased. The diversity of American Opinion is being drowned out by control of the few of the means of distribution. How can this be of benefit to the public? Chairman Powell does not represent the interests of the public. This commission must win one for the people. A people that truly deserve a free press, reflecting a diversity of opinion. Stop this assault on American Democracy. Freedom of speech means nothing if that speech can be heard by no one other than the speaker.
